WHY ALUMINIUM?

- Lightweight construction: reduces CO_2 emissions.
- High strength at low weight.

ALUCA
EASE YOUR WORK

CO_2 SAVINGS THROUGH LIGHTWEIGHT CONSTRUCTION

- Lower vehicle weight reduces energy consumption.
- Improved range for electric vehicles.

ALUCA
EASE YOUR WORK

RECYCLABILITY OF ALUMINIUM

- Up to 95% energy savings during recycling.
- Promotion of the circular economy and resource conservation.

ALUCA

EASE YOUR WORK

DURABILITY AND EFFICIENCY

- Resistant to environmental influences.
- Extended service life of vehicle equipment.
